PROGRAM DETAILS

1. The 200-1 Medication Program includes all prescription medications listed on the formulary at just \$1.00 per fill. If the drug is not on the formulary, your out-of-pocket cost is based on a deeply discounted price.
2. You may pick-up your medication at virtually any retail pharmacy of your choice (over 70,000 in our network).
3. Only certain doses and quantities for each medication are offered through this program.
4. Present your Rx Card to the pharmacy of your choice to utilize benefits.
5. After your first retail purchase, all CHRONIC medications must be filled through our mail-order service. Our team will contact and work with you to transfer your prescription.
6. Men's Health: generic Viagra® and Cialis® can be purchased exclusively via mail-order and limited to 72 generic Viagra 50/100 mg pills or 48 generic Cialis 5/20 mg pills per year.
7. All medications require a prescription.
8. No limit on prescription medication orders.
9. You also get access to the entire suite of products, discounts and services.

This a Pharmacy Subscription Program. THIS IS NOT INSURANCE. We provide you direct access to medications at negotiated PBM pricing, and Home Delivery Pharmacy pricing on a pre-paid basis. Your Rx Card offers solutions for high-priced specialty medications via an International Pharmacy or PAP service. In addition, a discount pharmacy solution is available, where you search discount options and are directed to a specific pharmacy for super-low pricing. Sometimes, this can be your lowest price option. Only certain doses and quantities for each medication are offered through this program.

Your Rx Card is NOT Insurance. Discount Only – Discounts are available exclusively through participating pharmacies. The range of the discounts will vary depending on the type of prescription and the pharmacy chosen.

HOW THIS PROGRAM WORKS

1. Search for medications by entering drug name in the search bar. If a medication is not on the formulary, a discounted price will be displayed.
2. Present your Rx Card to the pharmacy of your choice. Your Rx Card will display your BIN, Group Number and PCN to present to the pharmacist. If you paid for your order online prior to picking up your medication, you will owe nothing at the pharmacy.
3. Reorders will be processed every 90 days for all mail-order prescriptions.
4. If you need other medications, easily search our website for deeply discounted prices.

This part of the program does not make payments directly to pharmacies. Members are required to pay for all prescription purchases. Cannot be used in conjunction with insurance. You may contact customer care anytime with questions or concerns, to cancel your registration, or to obtain further information. This program is administered by Medical Security Card Company, LLC, Tucson, AZ.

Formulary and pricing are subject to change. Please see website for current pricing. In order to get the most out of your Pharmacy Subscription Program, utilize our mail-order service by logging into the website. Members must log in to see complete program pricing and details.
